

DIISOCYANATES

Durst UV/LED Inks

We confirm that no diisocyanates are intentionally added to the formula of all UV-curable inks (LED, Hg-Bulb) that are supplied by Durst. This refers to entry 74 in Annex XVII of the REACH Regulation (EC) 1907/2006, newly introduced with Commission Regulation (EU) 2020/1149 of August 03, 2020 on the restriction of diisocyanates.

This statement is limited to Durst products in their original packaging and is void upon Durst's products being altered or contaminated in any way.

We stay at your disposal for any further questions.

Best regards,

A handwritten signature in blue ink, appearing to read "S. Kappaun", written over a horizontal line.

Dr. Stefan Kappaun, MBA

Executive Vice President Inks and Fluids
